for by Government and Government arrange for the re-sale and distribution of the machine tools required by industrial users. With effect from 1st of April 1944 the following new arrangements will be brought into effect :—

(1) On application to the Machine Tool Controller, Directorate-General, Munitions Production, Calcutta, manufacturing licences will be issued to Indian machine tool manufacturers to cover their forward production programmes.

(2) Industrial users desirous of acquiring Indian-made machine tools will apply in the same manner as hitherto, through the appropriate Regional Representative of the Machine Tool Controller located at Calcutta, Bombay, Madras, Cawnpore and Lahore, for an authorisation to acquire. Having received his authorisation the Industrial user will be at liberty to enter into direct purchase negotiations with any individual machine tool manufacturer and/or his Agents or recognised dealers.

(3) Statutory maxima prices will from time to time be published for new machine tools in future to be manufactured in India. These statutory prices, whilst imposing a limit on the price at which newly manufactured Indian Machine Tools can be sold, will not debar sales at a lower cost.

(4) To assist industrial users in their negotiations with Indian manufacturers and/or their agents or recognised dealers, a list of manufacturers showing the types and grades of machine tools they are licensed to manufacture, will be furnished on application to the Machine Tool Controller. Industrial users are advised to deal only with those manufacturers and/or their agents or authorised dealers in accordance with the Machine Tool Controller's list, who are capable of supplying the grade they require. In placing orders on manufacturers in India and/or on their Agents or authorised dealers, care should be taken to specify the precise grade of machine tool required.

(5) Manufacturers holding manufacturing licences from the Machine Tool Controller should obtain their requirements of steel and other raw materials through the Industries and Civil Supplies Department of the Central Government. These will be available at commercial rates. For any other assistance manufacturers should apply to the Machine Tool Controller. The same technical assistance as hitherto will be available to manufacturers.

(6) Industrial users who require machine tools of classes or grades that cannot be made in India and can only be secured from overseas, should continue to apply as hitherto to the Machine Tool Controller for an import licence. The grant of import licences for machine tools for which Indian production is established, will only be authorised in exceptional circumstances and for special and sufficient reason in each case.
